Rencontres Internationales Paris/Berlin extends its annual call for entries until the 26th of September, for the event that will take place in Paris in February 2021, and in Berlin in August 2021.

The event is among the main European events dedicated to contemporary audiovisual creation. It proposes every year a new international programme made of works by internationally renowned artists and filmmakers, along with works by young artists shown for the first time.

Any individual or organization can submit one or several proposals. The call for entries is open to cinema, video and multimedia works, without restriction of length nor genre. Submission is free, without limitation of geographical origins.

To enter a work, register on www.art-action.org

Registration extended deadline: September 26th, 2020

Rencontres Internationales Paris/Berlin offers a forum for reflection and discovery dedicated to contemporary practices of moving image. It introduces guests from all over the world: artists, filmmakers, institutions and emerging organizations, giving us a picture of an on-going creation, of new issues raised by the evolution of the production methods and ways to present new works, and of the different emerging artistic and cultural contexts.

Rencontres Internationales Paris/Berlin is supported by the DRAC Île-de-France - Ministry of Culture, CNC Centre national du cinéma et de l'image animée, the Regional Council Île-de-France and the City of Paris.
